**Please Read** Please request that a staff member reviews this report with you to verify all information. Make sure that you visit the kennels at least once every three days. We will make every attempt to notify you if we have information on an animal matching the description above. However, given the number of animals we receive each day we can not guarantee we will be able to notify you of any possible matches. Please visit the shelter as often as possible. Lost pet reports are kept on file for thirty days if you are actively looking for your pet. Notify the Humane Society as soon as possible if you have found your lost pet.
